

Housekeeping in Denali National Park and Preserve, AK

Featuring North America's tallest mountain, **Mount Denali**, **Denali National Park** is one of the most-visited National Parks in the state. Now **Park** is still the great wilderness it was 20 years ago. The entrance has changed, but the park itself hasn't, and a brown bear meandering on a tundra ridge still provides the same quiet thrill as it did when the park first opened in 1917.
